OUR MISSION

My Discount Tech, LLC. is an Arizona based technology solutions provider. We specialize in computer repairs, services and support for systems and environments from home users to small, medium and large businesses in nearly every industry. With over 20 years of providing class leading solutions we have remained dedicated to affordability without sacrificing quality.

Working With Us

We treat every customer like they are the only one we have. With quick call backs, fast email response and very personable service.

You're important to us. We know that every customer has a choice and we try our very best to make sure we convey our gratitude for choosing us to provide their technology solutions.

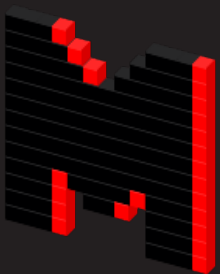

We do not spout our opinion as fact, or the best way to do a certain thing. We follow industry standards as best we can when taking into account budgets, time, etc... You have our promise that we will work within your budget and set time frame to deliver what you need, when you need it!

We know that with so many tech companies out there, sometimes it's very difficult to know how to choose one or sometimes you just pick one and hope it goes okay. We are trying to change this entire view of our industry one customer at a time. Below are just a few things we feel you should know about us, hopefully it makes your choice and easier one.

Why My Discount Tech, LLC?

- Voted among the TOP 5 Computer Companies for 2011
- Affordable and Professional
- Over 20 Years of Experience
- On-site & Remote Support 24/7/365
- Deep understanding of cost vs. benefit with Technology

We know you have a choice, but you should really give us a try. We will do our very best to provide you with industry leading services, repairs and technology solutions.

SUMMARY

HISTORY

This is a short history of how we started this company and where are we now:

2008

The beginning of the road

From working in the retail sector at high level management positions Nick Harris quickly saw the need for a more affordable and dependable computer repair, service and support company. Many people were paying the exaggerated amounts of the retail stores, because they simply had no where else to go.

Growth and Commitment

Nick Harris started this company with one goal. Giving class leading computer services, repairs and support at a price that everyone can afford. He spent countless hours crafting a business plan that would allow such a hefty commitment. To be profitable as a company and allow others to be as well.

2009

2010

Merged with another company

My Discount Tech began selling franchises and acquired a few of there competitors. As a company My Discount Tech, LLC. is growing very quickly and looking to expand with more employees, contractors, and franchisees.

Strategic Growth

Voted among the TOP 5 Best of Arizona Business in Computer Support, Repair and Service companies in Arizona, according to Ranking Arizona Magazine!

2011

A Successful company

My Discount Tech appreciates the support of our community along with our past, present and future customers. We will continue to stay true to our core motto: Industry leading service at a price everyone can afford. We look forward to big things on the horizon and we hope you are too.

Present
